

MEDICARE FOR ALL STRATEGY CONFERENCE APRIL 2-3, 2022

UE has long supported a Medicare for All, single-payer plan to provide healthcare to all. The need to fix our broken healthcare system has become even more critical as the pandemic has further laid bare the weakness of the employer-based system.

This conference will be an important place to meet with other labor and healthcare activists to strategize how to win this fight. **This year's conference will be held online, making it accessible to any UE member who wishes to attend.**

The early-bird registration price of \$35 is only available until February 25, so register as soon as possible. Please check with your regional president about potential subsidies towards the registration fee.

Visit ueunion.org/medicare4all for the registration link, and instructions on how to register. You will need to have a credit or debit card.

Once you have registered, please let your regional president and UE International Representative **John Thompson** know at john.thompson@ueunion.org, so that we can coordinate UE participation.
