

VOTE on November 6

*The job and working conditions
you save could be your own!*

Under the current Republican majority in Iowa we have seen:

Public employee rights to negotiate over wages and conditions have been destroyed by changes made to Chapter 20

The privatization of the state's Medicaid program, which has caused the denial of medical services to Iowa's most vulnerable citizens.

State positions are left vacant or eliminated, causing high caseloads and making it next to impossible to provide the citizens of Iowa the services they deserve.

Workers' rights have been weakened with the changes to workers compensation.

We need to vote in people who will:

Return the Medicaid program to state employees (social services bargaining unit members).

Restore the rights of public employees by restoring Chapter 20.

Fill vacant State of Iowa positions and properly fund all state agencies.

Restore the rights of injured workers by restoring the Workers Compensation Act.

Please VOTE and let your voice be heard!
