We're Voting UE!

With UE We'll Get The Pay and Respect We Deserve

"For 3 years we never saw 707. But now that the minimum wage is going up $1.50 in a few months, they're trying to take credit for getting us a raise. Don't be fooled. With UE, we'll get much more than just the minimum wage. We'll get better pay, more PTO and we'll end the favoritism. Just ask the BNSF and IHB drivers why they love their union so much. Let's vote UE and get what we deserve!"

With 707 All We Get is the Minimum Wage Increase

"I've been here 3 years and I don't even bring home $300 a week. But UE drivers make almost $1500 a year more than us, have more PTO and get treated way better. With 707's new contract, all we get is the minimum wage increase we were going to get anyway. We deserve so much more. That's why I'm voting UE!"
